

ROMA: Beyond the Numbers

PART II

Training Description

Join Janet Carl, a certified ROMA trainer and twenty-year community action veteran, for a FREE follow-up session on the history and development of ROMA with an emphasis on the difference it can make in your agency—beyond counting the numbers. Anyone interested is welcome to attend!

Agenda for Part II Training:

- ❖ Review of the Logic Model and practice using each participant's own agency example—very helpful for getting future grants!
- ❖ Looking at scales particularly organizational development and community development scales—useful for understanding where the organization/community is developmentally and what the next steps might be.
- ❖ Return on Investment—using agency data (more info given about this before the training so participants will know what to bring)—this is a great tool that helps CAAs figure out how much an OUTCOME costs and how doing nothing (in terms of spending taxpayer dollars) costs way more than getting results!

Training Details

What: ROMA: Beyond the Numbers Part II

Trainer: Janet Carl, Certified ROMA Trainer

When: Monday, October 18th

Time: 9:00AM-3:30PM

Where: ICAA Office (1620 Pleasant St. Des Moines, IA 50314)
