

2010 ICAA State Partnership Award Recipients

Stan and Dotty Thurston live in Des Moines, Iowa. They have been generous supporters of the ICAA/Des Moines Register Embrace Iowa Project for many years. They are very active in the metro area supporting causes that reflect their beliefs and values.

They are members of the West Des Moines United Methodist Church and are the parents of three daughters and have one grandson.

Stan has retired after thirty years of work in senior housing development and management projects around the country.

We are extremely grateful for their generosity and partnership in helping us fulfill our mission of helping people, changing lives. Thank you Stan and Dotty!

State Partnership Award

The State Partnership Award was first given in 2008. It is the intent of the Iowa Community Action Association (ICAA) Board to honor an organization or individual who has emulated excellence and shown steadfast commitment to the well-being of low income children and families through a partnership with ICAA.

ICAA cannot do our work alone and the State Partnership Award is an opportunity to honor those with whom ICAA has collaborated in our efforts of helping people, changing lives. This year ICAA is celebrating with the Thurston Family.
